

# Thomas Papp

(803) 391-2631 | pappmthomas@gmail.com

pappthomas.com | github.com/thomaspapp | linkedin.com/in/pappmthomas/

## Skills

JavaScript | Node | React | Express | Bcrypt | Massive | PostgreSQL | HTML5 | NPM | Git | Redux | DraftJS | Socket.io | Java | CSS | REST API | PHP | Kotlin | JSON

## Projects

### Stack Underflow | [stackunderflow.org](https://stackunderflow.org)

React | Node | Redux | Massive | PostgreSQL | Bcrypt | DraftJS | NodeMailer | Query-String | REST

- A forum that borrows concepts from Stack Overflow to assist users in seeking programming help, discussing code, and showing off projects.
- Self-taught the DraftJS framework to accomplish rich text editing and NodeMailer for sending out verification and account recovery emails
- Personal project

### SpaceX Launch Viewer | [github.com/ThomasPapp/SpaceX-Launch-Viewer](https://github.com/ThomasPapp/SpaceX-Launch-Viewer)

React | Node | REST

- Taps into the SpaceX API to allow users to see information regarding previous and upcoming SpaceX launches, Elon Musk's Tesla Roadster that was launched into space and also allows users to book their own launches with SpaceX (Disclaimer: Does not actually book a launch with SpaceX)
- Person project

### Talko | [talko.io](https://talko.io)

React | Node | Socket.io | Styled Components | NPM

- Self-taught the socket.io framework to achieve real-time communication between the client and server
- Live-chat NPM package containing a server, client, and React components - aimed towards business's seeking a live support chat
- Worked on the backend socket communication and package management via NPM (group project)

## Work Experience

### McDonalds (September - November 2018)

- Worked as a crew member & learned valuable customer service skills

## Education

### DevMountain (Nov. 2018 - March 2019) | [devmountain.com/web-bootcamp-immersive](https://devmountain.com/web-bootcamp-immersive)

- Spent 13 weeks in an immersive web development course learning JavaScript, React, Node, PostgreSQL, HTML and CSS

### Midlands Technical College (2016 - 2018)

- Studied under the arts and science program
